## WELCOME

### **Dear Future Viking Band Members,**

On behalf of the Band staff and administration at Vines High School, I would like to welcome you officially into the Vines Band. Your student is about to embark on a journey in realizing their fullest potential through learning and rehearsing the music alongside their peers. Over the course of their two years in the Viking Band, students learn discipline, pride, responsibility, confidence, and collaboration – qualities that students will employ well beyond their high school years.

We are the largest spirit organization at Vines High School, and we represent the best on our campus. Band members are active in shaping the culture of campus by using the skills learned in Band to lead their peers in athletics, fine arts, service organizations, and academics.

The Viking Band Family is a place for everyone. From the color guard to the percussion, and from last chair to All-Region rock star, every single member of the Viking Band has a vital role in the success of every performance. In Viking Band, there is no "B Team." Every student is given the highest level of instruction from our world-class staff, and every student is given a performance responsibility that directly contributes to overall product for our audience. In learning this, students have a sense of belonging to something greater than themselves.

Along the way, you may find that you have some questions for the staff, please feel free to drop us a line via our website ([vinesband.info](http://vinesband.info)) or via email ([Jonathan.Cao@psd.edu](mailto:Jonathan.Cao@psd.edu)). We look forward to working with your students next year in Viking Band.

Go Vikings!

## What course should my child take for band?

Incoming percussionists should sign up for **1<sup>st</sup> Period** band. All other band students will select **Band** as a class, and the Vines Band Directors will ensure that all students are in the proper class period. Percussion Class (fall) meets 1<sup>st</sup> period, Symphonic Band meets 1<sup>st</sup> period, Wind Ensemble meets 2<sup>nd</sup> period, Wind Symphony meets 3<sup>rd</sup> period, and Jazz Band meets 6<sup>th</sup> period.

## Do all students participate in the Vines Marching Band?

Yes – and it is SO MUCH FUN!!! Per PISD Policy, all students enrolled for Band participate in the Vines Viking Band during the fall semester, but your involvement may look differently (color guard, soloist, sound engineer, etc.)

## How do you determine placement into concert bands for the Fall/Spring Semester?

We use an audition process to evaluate the performance abilities of all band students. This process includes playing two etudes and several different scales. The spring audition is very important because it determines the students' band placement based on ability/execution, learning pace, and maturity.

## What is Charms?

Charms is an online database that the Vines band program uses to keep financial records, record of instrument checkouts, contact information, communication to parents, etc. All information distributed from the directors/band boosters is done through email (so your Charms account being up to date is very important). The incoming students will be placed into the Vines band database at the end of the 2017 spring semester. We will discuss this online feature in great detail at the Mandatory Parent meeting in August.
